

# LIONEL 2013 READY-TO-RUN CATALOG

INTRODUCING  
THE LATEST  
INNOVATION IN  
CONTROL SYSTEMS,  
LIONCHIEF™ REMOTE BY LIONEL!

# Welcome to the World of Lionel

NEW

Lionel model railroading has been a family tradition for over 100 years. Whether you are getting started with a complete ready-to-run 2013 train set or expanding your existing layout, Lionel gives you lots of great options that will take you as far as your imagination will go. In 2013, you'll see a wider variety of ready-to-run train sets than Lionel has ever offered!

## LionChief™ Remote Control System

LionChief is the latest innovation in remote technology offering advanced controls, sounds and ease of operation.

### Running your train set has never been easier!

You supply power to your LionChief Ready-to-Run sets by plugging one end of your power adapter directly into a wall outlet and the other end directly to your track—it's as simple as that.

For more information on LionChief Remote Control sets, see pages 12-31.

NEW FOR 2013

## LionChief™ Remote Control

### THE BIGGEST BREAKTHROUGH IN YEARS!

## Introducing LionChief Remote Control

### Instant plug-and-play!

Now, you can power your train set using our new Lionel wall pack. Just plug one end into wall outlet and the other end into the FasTrack. And you're off!

### Operating your trains has never been easier!

- Total control - The "throttle" rotates to increase and decrease speed in both forward and reverse.
- Full speed ahead - The red light at the top of the remote is a speed indicator; steady when in neutral and blinking faster as it accelerates.
- Long range reception - Even at a distance of 60 feet or from another room, your LionChief remote still operates your train!
- Special "Sleep" feature - Helps prolong the life of your three AAA batteries.
- Multiple frequencies available, so multiple engines can run in the same layout at the same time

### Realistic sounds!

- Realistic steam chuff sounds is in sync with steam engine's speed
- High quality speaker housed in the tender
- Three sound buttons on the remote to control bell, whistle/horn and customized sounds or announcements that fit the theme of each set

### Multi-System Operation!

- LionChief Remote Control locomotives can run on any LEGACY, TMCC, or conventional transformer layout as long as 18 volts of power is being supplied to the track.
- Families can run their locomotives at the same time and on the same track! At 18 volts -- Mom or Dad's LEGACY/TMCC engine can be controlled with the CAB-1 or CAB-2 Remote Controller while the junior engineer commands the LionChief remote locomotive with their very own remote controller.

### Expand Your Horizons!

LionChief is the perfect starting point. Hook up a classic Lionel transformer and you'll have even more power for running more cars and a complete assortment of accessories.

## G-Gauge and Lionel Little Lines

You'll also find a selection of battery operated G-Gauge sets that accept traditional C batteries or operate using rechargeable battery technology. And for your youngest engineers, we now offer Lionel Little Lines. These small-scale playsets have many features and details of an authentic Lionel train set, and all the play value a kid could ask for!

## New LionChief™ Features

- Enhanced sound
- Long distance control
- AC/DC Compatible
- Easy to set up; easy to operate

## CONTROL OPTIONS LEGEND

### LIONCHIEF™

The most significant innovation in remote operating systems in years, only from Lionel

### TRANSFORMER

Lionel's dependable and classic transformer based operating system

### G-GAUGE and LITTLE LINES

Easy to operate remotes for the youngest engineers

# Little Lines Playsets

Lionel Little Lines playsets bring the rich tradition of Lionel to young children ages 2 ½ and up. Snap-together track and a simple remote controller for forward and reverse movement make it easy for little hands to operate. Authentic train details and realistic sounds make it a classic Lionel product. Each 49-piece playset comes with a complete layout of track, including two bridges, a railroad crossing, and working track switches. The finely-detailed train set includes a steam engine tender, gondola, and caboose. Plus, it even includes a working freight station with crane, cargo slide, and a two-way cargo dump. A billboard with three customized signs completes the scene.

## All 49-piece Little Lines Remotes Sets on pages 4-5 Include:

- Complete layout of track including working track switches
- Two bridges and railroad crossing
- Finely-detailed train with a steam engine, tender, gondola, and caboose
- Working freight station with crane, cargo slide, and two-way cargo dump
- Billboard
- Three signs
- IR controller with sounds

## All Little Lines Remotes Sets on pages 4-5 Feature:

- Snap-together track
- Remote controller for forward and reverse movement
- Authentic train details
- Realistic sounds
- Requires 6 AAA batteries (not included)
- Layout dimensions: 38 ¼" x 43"

A

2-Sided Diorama

**START CELEBRATING THE  
2014 MOVIE ANNIVERSARY WITH  
ONE OF THESE GREAT SETS!**

## B. The Polar Express G Gauge Set 7-11022

Here's a handsome addition to the Polar Express product line — an exquisitely crafted G-Gauge train set that can be run on rechargeable battery technology. You can operate this train using a 9.6 volt rechargeable battery (not included) or use six conventional C batteries (which are included) — it's your choice! The set also comes with an easy-to-operate RC remote controller (with two AA batteries included).

But what sets this set apart is the unmatched craftsmanship. The engine and tender have details never before seen in a G-Gauge format. The observation car has an endearing "disappearing hobo" feature. All of this is available at an unbelievably affordable price.

### Set Features:

- Locomotive
- Coal tender
- Passenger coach with two opening doors
- Observation car with "disappearing hobo" feature and opening door
- Three Polar Express figures (conductor, boy and hobo)
- Easy-to-assemble G-Gauge track (55" x 72" oval)
- Easy-to-unpack, easy-to-repack storage box
- RC remote control
- Six C and two AA batteries

### Locomotive Features:

- Highly detailed G-Gauge steam locomotive
- Authentic train sounds has whistle, bell, and "All Aboard the Polar Express" announcement!
- Working headlight

### Rolling Stock Features:

- Handsomely detailed passenger coach
- Observation car with "disappearing hobo" feature
- Fixed knuckle couplers

### Track:

- 55" x 72" oval of G-Gauge track (12 curved and 4 straights)
- Note: Extra track also available (7-11039 straight & 7-11040 curved. See page 6 for more track)
- Note: Lionel G Gauge track is not compatible with other G gauge track systems

### Remote Control Features:

- Designed for easy use
- Comes equipped with two AA batteries
- Clearly marked buttons allow train to go forward and backwards, sound the whistle, ring the bell, and play "All aboard for the Polar Express"

**\$149.95**

## C. The Polar Express G Gauge Diorama 7-11138

Add a new dimension of drama to your holiday layout with this colorful two-sided diorama decorated in the Polar Express theme.

- Durable cardboard construction
- Imagery on both sides of diorama
- Dimensions: 78" x 21" / Tunnel Portal Openings 6 3/4" x 8 3/4"

**\$17.99**

# Thomas & Friends™ Sets

## LIONCHIEF REMOTE™ WITH RAILSOUNDS RC

### Easy-to-setup

- Remote requires 3 AAA batteries
- Train set, track, and wall-pack power supply included

# THE POLAR EXPRESS™

## A. Polar Express O Gauge Remote Set (NEW) 6-30218

For the first time ever in O Gauge, The Polar Express Train Set is available with remote control operation! Fitted with the new LIONCHIEF Remote Control system by Lionel, engineers young and old have complete control over their Polar Express trains by an easy-to-use remote. You'll feel a difference in the smooth operation of the Berkshire locomotive, and hear more realism in the locomotive sounds. In addition to the famous "All Aboard!" announcement of the Polar Express conductor, you'll also get a brand new "Tickets Please" announcement that's only available in the LIONCHIEF remote control version of the train set.

### Easy-to-setup:

- Remote will require 3 AAA batteries
- Train set, track, and wall-pack power supply included
- Ready-to-run out of the box!

### Easy-to-use power and control system:

- Simple wall-pack power supply
- Terminal track section with jack for connecting the wall pack
- Kid-friendly hand-held remote control

### Run more than one locomotive on the same track!

- Distinct frequencies available for different LIONCHIEF locomotives allow for multiple remote engines to run at the same time

- LIONCHIEF locomotives can also run on any track powered by a conventional transformer at a constant 18 volts
- LIONCHIEF locomotives can operate at the same time as any Legacy or TMCC-controlled engine on the same 18 volt-powered layout and track

### Set Includes:

- 6-18784 2-8-24 locomotive and tender
- 6-25100 Coach
- 6-25101 Coach
- 6-25102 Observation Car
- Polar Express decorative bell
- Four Polar Express character figures
- Eight curved 0-36 FasTrack sections, one 10" straight FasTrack section, one FasTrack wall-pack terminal section
- Wall-pack power supply
- Remote for locomotive

### Locomotive Features:

- Electric locomotive controlled by remote
- Official "All aboard the Polar Express" and tickets please movie sound clip (remote only)
- On/Off switches for smoke and sound
- RailSounds RC sound system with steam chuffing and engine background sounds, whistle, bell, and user-activated announcements.
- Operating headlight

- Puffing smoke unit
- Operating coupler on rear of tender
- Powerful maintenance-free motor
- Two traction tires
- Die-cast metal locomotive body
- Separately applied metal handrails
- Large pilot and headlight lens shield

### Passenger Cars Feature:

- Interior lighting
- Decorated drumhead on observation car
- Silhouettes in window

### Remote Features

- Forward and reverse speed control knob
- Three buttons activate whistle sound, bell sound, and official "All aboard!" announcement from the movie
- requires three AAA alkaline batteries, not included)

### Set Features:

- Length: 63 3/8"
- Layout dimensions: 40" x 50"
- Minimum Curve: 0-27

# Grand Central Express Set

WITH RAILSOUNDS RTR

## Grand Central FT Passenger Set 6-30195

One of America's greatest transportation hubs and one of New York City's most iconic buildings, Grand Central Terminal is a national institution and an international example of giving new life to a historic building that otherwise would have been destroyed. Over the course of its colorful, tumultuous, 100-year history, Grand Central has become a destination for commuters, visitors and residents alike.

As it celebrates its Centennial in 2013, Grand Central Terminal stands today as one of New York City's most famous landmarks. But more than a landmark, Grand Central Terminal serves as the irreplaceable heart of New York's integrated (and integral) transportation system – the thing that keeps the city itself running.

### Set Includes:

- FT diesel locomotive
- Two coach cars
- Observation car
- Three 10" straight FasTrack track sections, eight curved 0-36 FasTrack track sections, a FasTrack terminal section
- CW-80 Transformer

### Locomotive Features:

**\$32.99**

## FasTrack Switches

Bulletproof switches are the foundation of any track system. They allow you to grow and expand your layout. FasTrack switches are second to none when it comes to durability and innovative, industry-leading features.

Consider the following:

- Flawless non-derailing function allows trains to keep running regardless of switch position
- Plug and play using track voltage or auxiliary power

Remote switches also feature:

- Remote switch controllers conveniently lock together for easy access
- Interchangeable number inserts allow you to instantly find the switch you want to control
- Red and green LEDs indicate switch position—no need to change light bulbs or worry about heat build up.

### I. O-36 Manual Switch - Left Hand

**6-12017**

**\$49.99**

### J. O-36 Manual Switch - Right Hand

**6-12018**

- Includes 1/4 curve to complete O-36
- 45-Degree curve
- Length: 10" Straight, 33 3/4-Degree turnout

**\$49.99**

### K. O-36 Remote Switch - Left Hand

**6-12045**

**\$94.99**

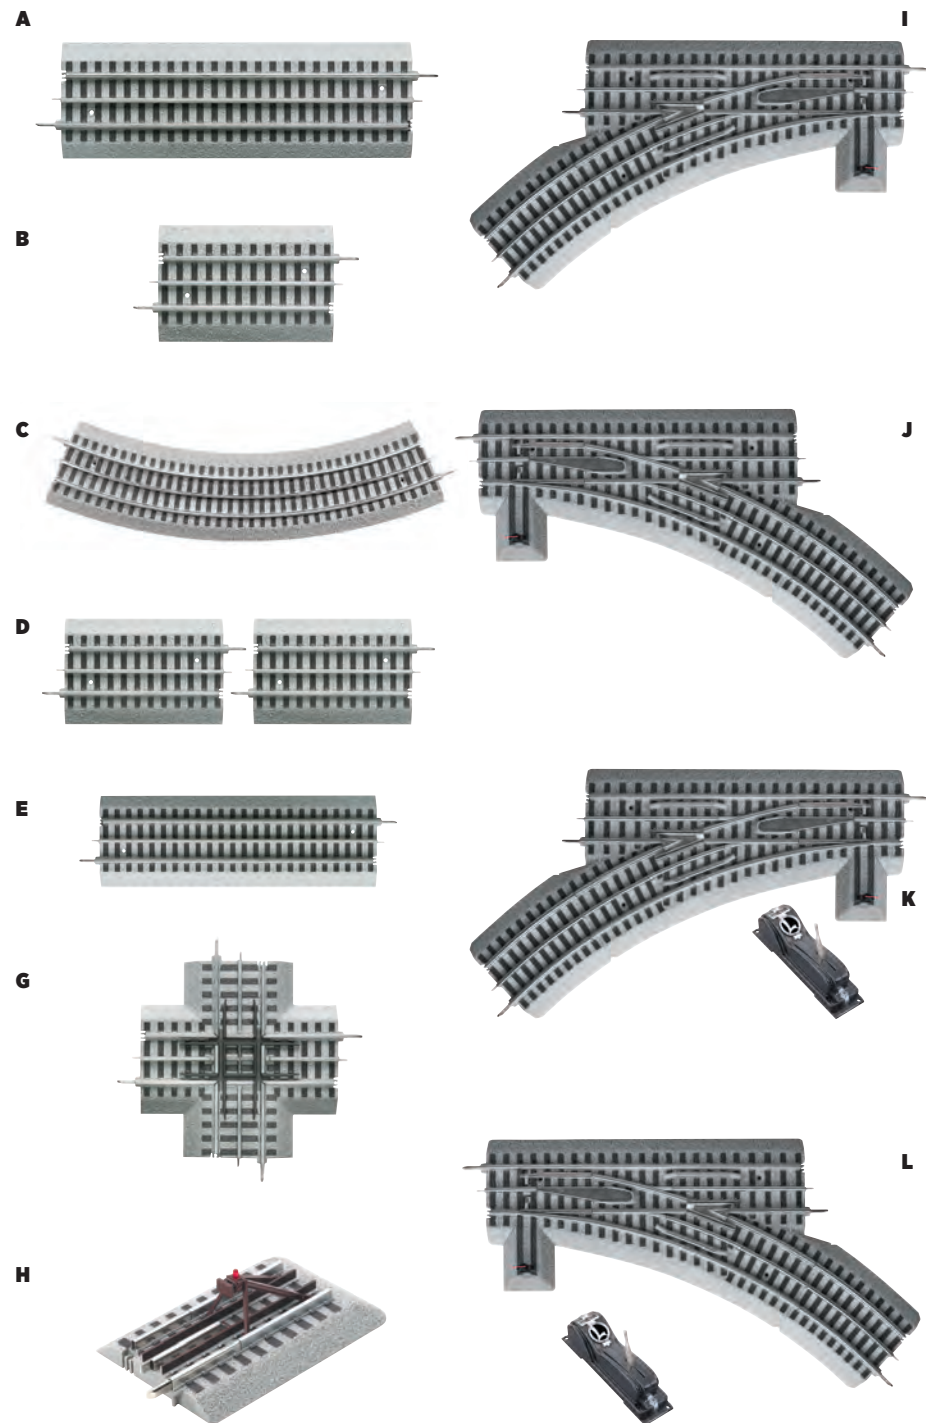

### L. O-36 Remote Switch - Right Hand

**6-12046**

- Operating lighted signal lantern
- Includes 1/4 curve to complete O-36
- 45-Degree curve
- Length: 10" Straight, 33 3/4-Degree turnout

**\$94.99**

For more FasTrack options, see your Lionel Authorized Dealer.

# Finishing Touches

## A. Lionel FasTrack Book 6-24200

This helpful guide explains how to use the Lionel FasTrack track system with more than 100 color photos and diagrams that show how to plan and create layouts for both large and small spaces. Dozens of track plans also show a variety of ways to integrate scenery and Lionel operating accessories to create a realistic layout. This book is a must-have for any Lionel train aficionado.

**\$34.99**

A

## B. Lubrication/Maintenance Kit 6-62927

Includes gear lube, oil applicator, track cleaning fluid, track cleaning eraser, and cleaning instructions

**\$24.99**

## C. Premium Smoke Fluid 6-37841

For use in all Lionel locomotives, rolling stock, and accessories.

**\$9.99**

B

C

## D. CW-80 Transformer 6-14198

Operate your favorite features with the bell, whistle/horn, and direction buttons. On the rear of the unit, you will find a 0-18 volt variable AC output, as well as a programmable AC output for accessory operation. Simply set the accessory voltage to your desired output, and your accessory operates at that output until you turn the unit off—even when you stop the train. Perfect for train sets and small- to medium-sized layouts, the CW-80 provides the power you need to enjoy all your Lionel favorites.

**\$149.99**

D

## E. GW-180 Transformer (NEW) 6-37947

Even more power for operating trains and accessories on expanding and medium-size layouts!

From the Postwar-inspired styling of the controller, to the mighty PowerHouse power supply that provides a circuit breaker and on/off switch, this transformer has all the power you need, plus electronic overcurrent protection to help save your sensitive electronics in the event of a short circuit.

Use the throttle lever to control speed and power. Operate your favorite features with the bell, whistle/horn, and direction buttons.

E

Two outputs are available on the rear of the unit. A 0-18 volt variable AC output serves as your main track power source. The other programmable AC output is perfect for accessory operation from the same transformer. On the accessory output, simply set the accessory voltage to your desired level for continuous operation until you turn the unit off, completely independent of the train's operation.

**\$279.99**

## F. 1.8 Amp Accessory Transformer 6-32923

Power your Lionel accessories with the 1.8 Amp Accessory Transformer. This affordable power supply features variable AC voltage so you can supply the right amount of power to your accessories.

**\$49.99**

NEW

Top photo: The first trail set up of a Lionel Fastrack Modular Railroad at the LCCA Convention in July with four scenic modules by Roger Farkash using the four Accessory Bundles.  
Lower Right photo: A finished straight section, with the kit components & template displayed on top and a view of the finished underside.

# Lionel Fastrack Modular RailRoad

**BUILD YOUR RAILROAD EMPIRE ONE SECTION AT A TIME!**

Lionel has created a fun and easy way to get started. The Modular Railroad will open the doorway to the lay-out of your dreams! Friends and family can bring their sections together to create an impressive layout. Or maybe you're an experienced model railroader. You've got plenty of trains to run on your basement layout, but you'd love to share

your hobby with fellow Lionel fans. Young or old, at home or with a club, Lionel modular layouts are a great way to experience your trains.

- A module is a 30" x 45" table section that is designed to connect with other sections to create a large layout. You could put a few

sections together to make a complete layout in your home, or you could bring it to a club meet and join with other modelers to create a layout that can fill a convention center!

- Each module is designed to be portable, and the theme of your section is entirely up to you. You choose the look and theme for your

section, and then add scenery and accessories to bring it to life. Accessory Bundles are available to help you choose a theme, each with an assortment of accessories available at one great price!

Plans are available for free download at [www.lionel.com](http://www.lionel.com). How to Instructions, videos and layout plans available on our blog: [www.lionellc.wordpress.com](http://www.lionellc.wordpress.com). Follow our Social Media Channels for updates, convention schedules and more! Build and enhance with paint and scenery details! You can get lots of great scenery tips on our blog, [www.lionellc.wordpress.com](http://www.lionellc.wordpress.com).

Demonstration modules built by Roger Farkash using the Rail Yard (6-37141), All Aboard (6-37140) and Welcome Home (6-37142) Accessory Bundles

Lionel Fastrack Modular Railroad Template (6-37150) precisely positions the track and locks for connecting the modules

# LIONEL BATTLE TRAIN

ONE HUNDRED YEARS OF HISTORY TO UPHOLD.  
ONE THOUSAND MILES OF TRACK THROUGH PERILOUS LANDS.  
ONLY ONE ENGINEER HAS WHAT IT TAKES TO MAKE IT THROUGH - **YOU!**

COMING SOON TO THE APP STORE<sup>sm</sup>

**LIONEL BATTLE TRAIN** is an exciting, new iPad® game set the not-so-distant future. Roads and resources have become scarce and citizens depend on the power of trains and the brave engineers of the Lionel Delivery Company for their very survival! Players control the most powerful vehicle on the rails and must prepare their engines for battle and protect their precious cargo during each perilous journey. Blasting their way across the deserts, grasslands and cliffsides, the Lionel engineer must ensure that their cargo reaches it's destination!

**Prepare for a new-style, strategic battle game that allows players to:**

- Customize engines and rail cars with weaponry like flamethrowers, laser guns and retractable chainsaws.
- Make tactical and strategic choices throughout game play.
- Outrun and outgun bandits and obstacles on each mission.
- Be the hero of an entire nation!
